In the annals of literature, few tales have captured the imagination of readers and scholars alike as the Arthurian legend. From its humble beginnings in Celtic folklore to its enduring popularity in modern times, the story of King Arthur, Merlin, and the Knights of the Round Table has inspired countless works of art, literature, and film.

Now, acclaimed fantasy author Bernard Cornwell returns to the Arthurian legend with his highly anticipated novel, *Excalibur Rising Two: An Arthurian Saga*. The second installment in the Excalibur Rising series, this epic tale follows the continuing adventures of Arthur and his companions as they face new challenges and threats in a world on the brink of chaos.

A Return to the World of Arthur

Excalibur Rising Two picks up where the first novel in the series, *Excalibur Rising*, left off. Arthur, having been crowned king, must now face the daunting task of uniting the warring factions of Britain and defending his kingdom from both internal and external threats. With the help of his loyal knights and the wise counsel of Merlin, Arthur sets out on a quest to restore order and justice to the land.

Along the way, Arthur and his companions encounter a cast of unforgettable characters, both allies and enemies. There is Lancelot, the valiant knight who is torn between his loyalty to Arthur and his love for Guinevere; Mordred, the treacherous knight who will one day betray Arthur and bring about his downfall; and Morgan le Fay, the powerful enchantress who seeks to use Arthur's power for her own evil purposes.

A Thrilling and Unpredictable Adventure

As Arthur and his companions travel the realm, they face a series of thrilling and unpredictable challenges. They must battle against invading Saxons, giant beasts, and treacherous sorcerers. They must also navigate the treacherous waters of court intrigue and political alliances. Throughout it all, Arthur's courage, wisdom, and compassion are tested to the limit.

Cornwell's writing is as sharp and vivid as ever, and he brings the world of Arthur to life with stunning detail. The battle scenes are especially thrilling, and Cornwell's descriptions of the characters and their motivations are both insightful and moving.

A Must-Read for Fans of Fantasy and Arthurian Legend

Excalibur Rising Two is a must-read for fans of fantasy and Arthurian legend. Cornwell's masterful storytelling, complex characters, and

breathhtaking action sequences make this novel an unforgettable experience. Whether you're a longtime fan of the Arthurian legend or a newcomer to the genre, you're sure to be captivated by this epic tale.

Excalibur Rising Two: An Arthurian Saga is available now from HarperCollins.
